Lyova Simonyan

Front-end developer

I'm a motivated and creative front-end developer, deeply passionate about exploring new experiences. I'm eager to immerse myself in a fresh environment, where I can learn, grow, and enhance my technical skills. I'm committed to fulfilling my responsibilities promptly and responsibly, with a strong desire to contribute to the success of the company through my abilities. My goal is not only to meet expectations but to surpass them.
